Notes: 1. This table reflects the total number of certificates issued, including diplomates known to be deceased and/or those whose certificates are no longer active.

2. The first Child and Adolescent Psychiatry certificates were issued in 1959.

3. The Child and Adolescent Psychiatry counts reflect the total number of certificates issued from the Part I/Part II Examination format and the Certification Examination format. The first Child and Adolescent Psychiatry Certification examination was administered in 2012.

4. The first 10-year, time-limited certificates were issued in 1995. Certificates issued prior to that date were lifetime. Starting in 2012, all certificates are continuous contingent on meeting Continuing Certification (CC) requirements.
